

# *Instant Car Wash*

***No Permits   No Construction   No Delays***

*This is a turn key car wash that can be relocated when needed. You provide power and water and Hydro Engineering Inc will do the rest.*

Here's what Jeff Hill, the Parts & Service Director at Folsom Lake Toyota, in Folsom California says about Hydro Engineering's Wash Rack Equipment:

"Finding an answer to our problem led us to Hydro Engineering Inc."  
"It only takes us 5 minutes to completely wash a car"  
"Implementation was easy, it's all turn key."  
" Within 24 hours we were washing cars."

**Call Hydro Engineering Inc.**

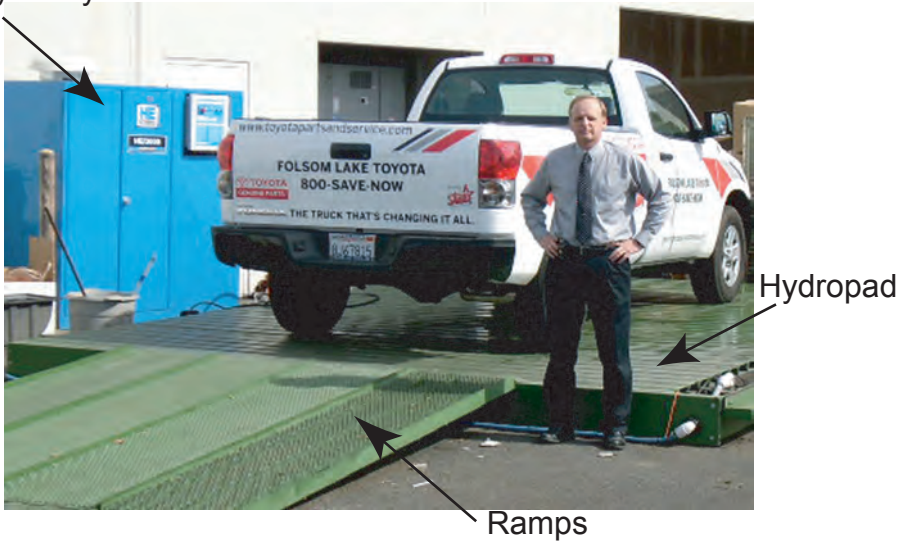

**800/247-8424**

*Please mention the "Instant Car Wash"*

- Wash** - your vehicles wherever you choose
- Collect** - and contain all of the wash water
- Recycle** - 100% of all wash water collected

## Recycle System

## Problems with your wash rack? Hydro Engineering Inc. can help

- No construction, no permits
- Relocatable
- Wash a car in 5 minutes
- Capture and recycle the wash water
- Turn key.....factory installed**

We provide the washing equipment, above ground Hydropad wash pads that collect the wash water and the recycling equipment. The entire system requires only power and water for operation. We even include shipping, installation and system training!

***Wash A Car In 5 Minutes***

***Simple Operation***

***No Permits***

***Versatile - Wash Anything, Anywhere***
